*"I am inspired to accept this appointment as President, Voyago. I consider myself fortunate to have had the opportunity to work with many of our long term clients starting back in 2002.*

*From those early days through to today, we have always endeavoured to build our relationship on the principals of 'Doing The Right Things, Even When No One is Watching.' I have learned to rely on those principles as the path to lead us through challenges, including the current COVID-19 Pandemic Crisis."*

I believe in Voyago's 'never say no' culture and our people-focused values. Our values have been with us from the start and staying true to these beliefs is perhaps more important now than at any other time in our history.

Since joining Voyago in 2002 I have spent many years working on the ground, alongside our employees and customers and I am thankful for this experience as it has taught me invaluable insight into your collective needs. I have learned that our Voyago teams work hard each day to exceed customer expectations. We strive to bring innovative solutions to your unique problems, more effectively, and more efficiently than any other brand in transportation. I believe that your success is our success and together, we can accomplish almost anything.

I will do everything in my power to support your needs exceeding your expectations on service and performance, and lead your Voyago team in our commitment to Doing The Right Things.

**Corey Jarvis**
