Attention: All Healthcare Workers

Re: National Nursing Week May 10<sup>th</sup> to May 16<sup>th</sup>

This week is National Nursing Week in Canada and Voyago Health is dedicating this week to promoting and recognizing the efforts of all Nurses. Nurses have demonstrated just how fortunate we are to live in a country like Canada, where access to care is available to everyone, everywhere, no matter the crisis. We're thankful for their service and commitment to protecting patients and co-workers.

This year's theme, #WeAnswerTheCall, was developed by the Canadian Nursing Association and it showcases the many roles that nurses play in a patient's health-care journey. The pandemic brought to light the courage and commitment that nurses work under every day and showed the important role that nurses play in the community; see more at: <https://www.cna-aicc.ca/en/news-room/events/national-nursing-week>.

Voyago Health supports and stands with our Nursing and Front-line Workers through this pandemic and beyond. Join us, reach out to a Nurse, maybe someone you know or even if you don't, and say Thank You from the bottom of our hearts.

Safe driving,

*Corey Jarvis*
